

# Welcome to the FLEX GENERATION

**FLEX**™

Kegel's most sophisticated and technologically advanced lane machine.

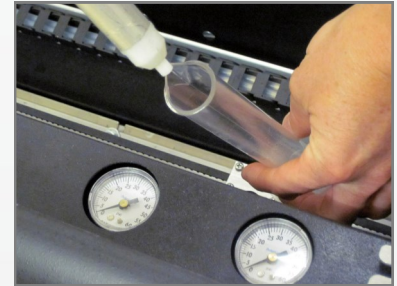

Phone: 863-734-0200 - Fax: 863-734-0204 | 1951 Longleaf Blvd, Lake Wales, FL 33859 | [www.kegel.net](http://www.kegel.net)

## One Lane Machine. Endless Possibilities.

### **PATENTED SANCTION TECHNOLOGY**

Using the same pumps that hospitals use to dispense medication, Kegel uses this technology to ensure that the amount of oil applied to the bowling lane is extremely accurate and also verifiable.

### **DUO CONDITIONING SYSTEM**

Are you bowling in an important tournament that is using a different conditioner than what your house normally uses? With the FLEX lane machine, your center has the ability to easily change out their daily conditioner so you can practice on the tournament conditioner.

### **PATENTED CLEANING SYSTEM MADE EVEN BETTER.**

Kegel makes the ONLY lane machine that can apply cleaner in front of the cleaning cloth where the real cleaning action takes place. With the FLEX Lane Machine you have even more control over the cleaning process to make the back-ends from super strong to a more smooth motion if desired.

### **ALL USBC CHAMPIONSHIPS USE KEGEL LANE MACHINES.**

If you are bowling in a USBC Championship and your center has a FLEX lane machine, your center can easily apply the exact pattern that the Championship will use.

Welcome to the FLEX Generation
